

Cisco Capital Customer At-A-Glance Cisco Collaboration Solutions Financing

No payments, no interest while deploying your Cisco Unified Communications and TelePresence solutions

Conserve resources and gain business benefits by acquiring your Cisco® solution with no upfront investment. You get the technology your business needs to be more efficient and pay nothing, for up to 120 days, while your new solution is being implemented. In addition, Cisco Capital® will pay the reseller on your behalf.

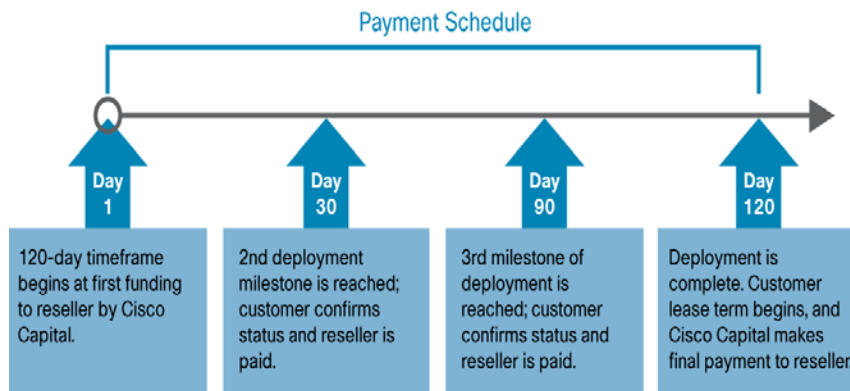

Offer Details*

- Offer applies to Cisco Unified Communications and TelePresence solutions only
- No finance charges for up to the first 120 days of deployment
- Offer only applies to domestic deployments for enterprise and commercial customers in the US and Canada
- Minimum order of US \$100K and a maximum order of US \$10M
- Orders must be placed with a Cisco AT Certified partner
- Offer available through July 28, 2012

Example: The illustration below shows the payment schedule when making no payments with no interest during project deployment with this Cisco Capital offer.

About Cisco Capital

Cisco Systems Capital Corporation (“Cisco Capital”) is a wholly owned subsidiary of Cisco Systems, specializing in providing innovative financing options for Cisco products and services worldwide. Cisco Capital is part of Cisco’s total solution, bringing a deeper understanding of Cisco products, services and customer business requirements than banks and outside financial institutions.

More than just a finance company, Cisco Capital is uniquely positioned to provide the most flexible and competitive financing for your acquisition of Cisco technologies. Cisco Capital delivers financing solutions designed to support our customers’ business goals and technology needs, both today and in the future.
